

COMPLEXION BRIGHTENER

ITEM# 100800

*Skin Brightening Crème with
Licorice Root Extract and Vitamin C*

USES

- *Dramatically diminishes the appearance of freckles, sun damaged skin, age-spots and hormone patches.*
- *Promotes even toned skin and inhibits future discoloration.*
- *Works at the cellular level, where hyperpigmentation first occurs, rather than bleaching just the surface.*
- *Smooths scar tissue.*
- *Diminishes the skin discoloration caused by scarring.*
- *Effective on the backs of hands, face, and anywhere on the body where discoloration has occurred.*
- *Works effectively on Men and Women - ALL skin types - ALL races.*
- *Quick Results - visual improvement within just 2 weeks.*

PRODUCT DESCRIPTION

Nouveau's Complexion Brightener is the finishing touch for a flawless complexion. Unlike traditional hydroquinone bleaching creams, Nouveau's Complexion Brightener is formulated with Licorice Root Extract and Vitamin C, and acts at the cellular level by inhibiting the tyrosinase enzyme, correcting the natural causes of hyperpigmentation and minimizing future skin discolorations.

Effective on freckles, sun damaged skin, age spots, hormone patches and most other hyperpigmentation problems.* Within just 2 weeks, there will be a substantial difference in the skin's appearance, where this product is applied on a daily basis.

*This product is not effective on skin discolorations caused by Vitiligo.

APPLICATION

Apply a small amount where needed on face, neck, chest, hands, and body, daily after cleansing with Nouveau Cell Preparation Cleansing Gel. A tingling sensation when usage begins is common, and will continue for approximately the first 2 weeks. After 2 weeks, begin applying twice daily. Follow with the Nouveau Cell Rejuvenation Serum and finish with Nouveau Cell AM/PM Hydration Crème.

NOTE:

If applying Nouveau Complexion Brightener to entire face, alternate Complexion Brightener and Cell Rejuvenation Serum.

Morning: Cleanse, Cell Rejuvenation Serum, AM/PM Crème
Night: Cleanse, Complexion Brightener, AM/PM Crème

Applying excess product and/or applying more than 2 times a day, will not bring faster results. This product is very effective when used as outlined above. Do not apply too close to the eye, as irritation can occur. If product comes in contact with the eye, flush with running water.

INGREDIENTS

PURIFIED WATER, LACTIC ACID, BUTYLENE GLYCOL, CAPRYLIC/CAPRIC TRIGLYCERIDE, SQUALANE, CYCLOMETHICONE, DIMETHICONE, PPG-12/SMDI COPOLYMER, STEARIC ACID, CETEARYL ALCOHOL AND CETEARETH 20, GLYCERYL STEARATE AND PEG-100 STEARATE, TITANIUM DIOXIDE, HYDROGENATED LECITHIN, DIMETHICONE COPOLYOL MEADOWFOAMATE, GLYCERIN, TETRAHEXYLDECYL ASCORBATE, GLYCYRRHIZA GLABRA (LICORICE) ROOT EXTRACT, SODIUM HYDROXIDE, XANTHAM GUM, PHENOXYETHANOL, STEARETH-20, METHYL PARABEN, PROPYL PARABEN, DMDM HYDANTOIN.
