

# BUILD *your story*

## Welcome to Nouveau!!

It all started with me and, by now, you probably know the story...if not...[click here!](#)

Because you have joined our forces, YOU will be playing a key role in the Nouveau story, and this is where your chapter begins.

YOU will build YOUR business by telling YOUR story. The more people you tell, the larger your business will grow. People will become customers through your story about the Nouveau products. Others will join your forces through your story of leading and supporting a team of Independent Consultants who also aspire in having a business of their own.

Where does your story begin?

Mine began with my pursuit for great skin. What about you? Did you find Nouveau or did Nouveau find you? Let me help you get started. Keep in mind that your story will be ever changing. Each Nouveau experience will provide new and exciting chapters. That is what keeps it worth telling... over and over and over again.

## Outline for YOUR story:

Chapter 1: *How I Discovered Nouveau.*

---

Chapter 2: *How my vision for my business and future mirrors Nouveau's.*

---

Chapter 3: *What Nouveau has done for my skin, body and hair? (Include you personal before & after pictures in this chapter and continue to document your progress with photos.).*

---

Chapter 4: *Why I have made Nouveau my part-time or full-time business and profession.*

---

Chapter 5: *Why I am committed to helping people attain great skin.*

---

Chapter 6: *Why I am committed to building a strong team and how I am committed to leading and supporting them..*

---

Chapter 7: *Why I want to share my story with everyone I meet.*

---

Okay...that was easy. GREAT JOB!! Now go tell it!! ☺  
(Please e-mail me a copy because I want to know your story, too...[ace@acehawkins.com](mailto:ace@acehawkins.com))

We have a story worth telling and, even more important....worth hearing!!

Much Love,

*Ace*
